

BUNNY INDUSTRIES

PRECISION MANUFACTURING EXCELLENCE

An ISO 9001:2015 & Zed SILVER Certified Company

11+
Years in
Precision
(Estd. 2015)

Well Equipped
Advanced Machines
(VMC, CNC, EDM)

12+
Key Industrial
Sectors Served

ISO & Zed
Certified Quality
(9001:2015 / MSME Zed
Silver)

Where Microns Matter - Precision CNC & VMC Machining Solutions

1. PROFILE & CORE PHILOSOPHY

Engineering Excellence, Built on Trust:

Established in 2015 under the leadership of Founder & Proprietor Mr. Varatharajaperumal S, Bunny Industries has grown into a trusted precision engineering and manufacturing partner for industry leaders. Located in the strategic industrial corridor of Hosur, Tamil Nadu, we engineer high-precision machined components to meet the rigorous tolerances demanded by global customers. Backed by a skilled workforce and technical specialists, Bunny Industries achieved an annual turnover of ₹4.5 Crores in FY 2025–26, demonstrating strong market presence and continuous scaling capabilities.

OUR VISION

To be a leader in **Manufacture of highly Precision Machined Components, Delivering Flawless High Precision Tooling and unparalleled services.**

OUR MISSION

To deliver zero-defect precision machined components on time, every time, through continually improving the Process, Product and System & powering next-generation industrial growth.

OUR CORE VALUES

• **Zero Defect** • **Micron Precision**
• **Collaboration** to reach shared goals
• Lead with **integrity** • **Empowering** Leadership • **Adaptability** Staying flexible

2. SERVICES IN KEY INDUSTRY SECTORS

High-Precision Solutions Engineered for Critical Applications

Parts for Aerospace

Parts for Medical Devices

Parts for Semicon. Industries

Parts for Ind. Machineries

3. MANUFACTURING INFRASTRUCTURE & CAPABILITIES

Multi-Axis CNC, VMC, EDM Sparking & Wire Cutting Setup

Machining Discipline / Category	Equipment Fleet & Technical Specifications
Vertical Machining Centers (VMC)	Premium VMCs from Doosan and Haas with capacities up to 1.2 meters, featuring advanced 4+1 Axis machining for complex geometries and tight tolerances.
CNC Turning & Turn-Mill Centers	Advanced LMW CNC Turning Centers and dedicated Turn-Mill Center engineered for high-precision cylindrical parts, threading, and high-volume production runs.
Wire Cut EDM	High-precision Excon Wire Cut EDM machines with a 350 x 450 x 450 mm envelope for intricate profiles, tight radii, and hardened exotic conductive alloys.
Spark Erosion (EDM Sinker)	Electronica Spark Erosion EDM setups delivering micro-level accuracy and fine surface finish on complex, hard-to-machine components without inducing mechanical stress.
Tool Room & Conventional Machinery	Comprehensive secondary operations support: Milling Machines, Surface Grinders, Jig Borers, Precision Tapping Machine, and a Conventional Lathe.

4. QUALITY ASSURANCE & METROLOGY LAB

Zero-Defect Quality Discipline Backed by Advanced Measurement Systems

Operating under Quality Management System compliance to an ISO 9001:2015 and ZED certification (Silver) by MSME, our dedicated Quality Assurance System & Metrology lab is equipped with cutting-edge 3D and optical measuring instruments to ensure complete conformance to engineering specifications.

Carl Zeiss CMM 3D Coordinate Measuring Machine for GD&T verification, profile analysis & 3D coordinate checks.	ATQ VMM Optical Video Measuring Machine for non-contact 2D micro-geometry, pitch, and profile inspection.	Tesa Height Master Ultra-precise digital height gauge system for reliable height, step, and flatness dimensioning.	Standard Metrology Comprehensive range of calibrated bore gauges, slip gauge sets, pin gauges, micrometers & verniers.

5. TRUSTED BY INDUSTRY LEADERS

Proud Manufacturing Partner to Leading Global Enterprises

6. WHY CHOOSE BUNNY INDUSTRIES

01. Precision Excellence Tight-tolerance CNC, VMC & EDM execution for critical applications.	02. Innovative Solutions Continuous investment in advanced CAD/CAM software & modern machine tools.	03. Reliable Partnership Over a decade of dependable, on-time delivery records & consistent quality.
04. Industry Expertise Proven track record across aerospace, medical & semiconductor programs.	05. One-Stop Solution Raw material to finished, inspected part — all under one unified roof.	06. Customer-Centric Acting as a seamless, transparent technical extension of your engineering team.

LET'S ENGINEER YOUR NEXT COMPONENT

Bunny Industries • Founder & Proprietor: Mr. Varatharajaperumal S
Unit 1: #B11, SIDCO Industrial Estate, SIPCOT Phase-1, Hosur – 635126, Tamil Nadu, India
